Fall 2010

To Manitoba 4-H'ers (past, present & future!)

Most of you will already know that in 2013, 4-H in Canada will celebrate its 100th Anniversary; this is especially significant for Manitoba as 4-H in Canada began in Roland, Manitoba.

Although it may seem far away, committees of the Manitoba and the Canadian 4-H Councils are already working to plan activities and projects for this prestigious milestone.

The Manitoba Committee would like your assistance in two key initiatives;

- reconnecting with 4-H alumni (Complete the **Alumni Registry Form**) and
- recruiting committee members for sub committees for the celebration (Contact Ron or Bev).

This letter is in the Fall 2010 4-H Getting Started kits because we want to encourage you and your club members to take every opportunity to promote awareness of 2013 and encourage any 4-Hers, past and present, to register as alumni and/or volunteer to work on one of the 100th Celebration committees).

One of the main events of the 2013 year will be the Annual General Meeting of the Canadian 4-H Council to be held in Winnipeg May 22 - 25. There are several opportunities to assist in hosting this event so please encourage your 4-H contacts to volunteer.

For any further information on any aspect of this significant celebration please contact one of the committee co-chairs: Ron Melnychuk ronkaren@mymts.net and Bev Wait waitkba@mymts.net or the 4-H office 4hcouncil@mts.net.

We look forward to joining with all 4-Hers, past and present, to celebrate this milestone for 4-H in Canada.

Ron Melnychuk

Bev Wait
